#### 2023 ANZAAG Symposium

### Perioperative anaphylaxis: Cutting edge

24-26 March 2023

Crowne Plaza, Queenstown, New Zealand

### Friday 24 March 2023

#### Workshops

12.30-1.30pm	Workshop registration
1.30-3pm	Workshop 1: Anaphylaxis emergency response workshop Facilitators: Dr Kim Phillips and Dr Frances Cammack
	Workshop 2: Skin testing and interpretation of results workshop Facilitators: Mr Roy The and Dr Maia Brewerton
3-3.30pm	Afternoon tea
3.30-5pm	Workshop 3: Anaphylaxis emergency response workshop Facilitators: Dr Kim Phillips and Dr Frances Cammack
5-7pm	Welcome reception, Crowne Plaza

# Saturday 25 March 2023

# ANZAAG Symposium

8-8-45-am Registration  8.45-9am Pöwhiri (Māori welcoming ceremony)  9-9.05am Welcome from the convenors  9.05-10.30am Session 1: Pathophysiology of anaphylaxis and implications for treatment Chair: Peter Cooke The French perspective - Professor Paul Michel Mertes Thoughts from Down Under - Dr Peter Platt Q&A/panel discussion  10.30-11am Morning tea  11am-12.30pm Session 2: What's new in the management of perioperative anaphylaxis? Chair: 2022 ANZAAG/ANZCA perioperative anaphylaxis management guidelines - Dr Robyn Tran Crisis management: We're all in this together - Dr Helen Kolawole Dealing with allergic uncertainty Q&A/panel discussion  12.30-1.30pm Lunch 1.30-3pm Session 3: Everyday dilemmas Chair: Which antibiotic should I give? - Dr Maia Brewerton The role of pholcodine - Professor Paul Michel Mertes Sugammadex allergy - Dr Sarah Green Q&A/panel discussion  3-3.30pm Afternoon tea  3.30-5pm Session 4: Epidemiology, prevention and outcome Chair: Epidemiology of perioperative anaphylaxis in France: Adults and children - Professor Paul Michel Mertes Can we reduce the risk of perioperative anaphylaxis? Cardiac arrest and outcomes in perioperative anaphylaxis - Dr Paul Sadleir Q&A/panel discussion		
9-9.05am Welcome from the convenors 9.05-10.30am Session 1: Pathophysiology of anaphylaxis and implications for treatment Chair: Peter Cooke The French perspective – Professor Paul Michel Mertes Thoughts from Down Under – Dr Peter Platt Q&A/panel discussion  10.30-11am Morning tea  11am-12.30pm Session 2: What's new in the management of perioperative anaphylaxis? Chair: 2022 ANZAAG/ANZCA perioperative anaphylaxis management guidelines – Dr Robyn Tran Crisis management: We're all in this together – Dr Helen Kolawole Dealing with allergic uncertainty Q&A/panel discussion  12.30-1.30pm Lunch  1.30-3pm Session 3: Everyday dilemmas Chair: Which antibiotic should I give? – Dr Maia Brewerton The role of pholocodine – Professor Paul Michel Mertes Sugammadex allergy – Dr Sarah Green Q&A/panel discussion  3-3.30pm Afternoon tea  3.30-5pm Session 4: Epidemiology, prevention and outcome Chair: Epidemiology of perioperative anaphylaxis in France: Adults and children – Professor Paul Michel Mertes Can we reduce the risk of perioperative anaphylaxis – Dr Paul Sadleir	8-8.45am	Registration
9.05-10.30am  Session 1: Pathophysiology of anaphylaxis and implications for treatment Chair: Peter Cooke The French perspective – Professor Paul Michel Mertes Thoughts from Down Under – Dr Peter Platt Q&A/panel discussion  10.30-11am  Morning tea  11am-12.30pm Session 2: What's new in the management of perioperative anaphylaxis? Chair: 2022 ANZAAG/ANZCA perioperative anaphylaxis management guidelines – Dr Robyn Tran Crisis management: We're all in this together – Dr Helen Kolawole Dealing with allergic uncertainty Q&A/panel discussion  12.30-1.30pm Lunch  1.30-3pm Session 3: Everyday dilemmas Chair: Which antibiotic should I give? – Dr Maia Brewerton The role of pholocdine – Professor Paul Michel Mertes Sugammadex allergy – Dr Sarah Green Q&A/panel discussion  3-3.30pm Afternoon tea  3.30-5pm Session 4: Epidemiology, prevention and outcome Chair: Epidemiology of perioperative anaphylaxis in France: Adults and children – Professor Paul Michel Mertes Can we reduce the risk of perioperative anaphylaxis? Cardiac arrest and outcomes in perioperative anaphylaxis – Dr Paul Sadleir	8.45-9am	Pōwhiri (Māori welcoming ceremony)
Chair: Peter Cooke The French perspective – Professor Paul Michel Mertes Thoughts from Down Under – Dr Peter Platt Q&A/panel discussion  10.30-11am Morning tea  11am-12.30pm Session 2: What's new in the management of perioperative anaphylaxis? Chair: 2022 ANZAAG/ANZCA perioperative anaphylaxis management guidelines – Dr Robyn Tran Crisis management: We're all in this together – Dr Helen Kolawole Dealing with allergic uncertainty Q&A/panel discussion  12.30-1.30pm Lunch  1.30-3pm Session 3: Everyday dilemmas Chair: Which antibiotic should I give? – Dr Maia Brewerton The role of pholcodine – Professor Paul Michel Mertes Sugammadex allergy – Dr Sarah Green Q&A/panel discussion  3-3.30pm Afternoon tea  3.30-5pm Session 4: Epidemiology, prevention and outcome Chair: Epidemiology of perioperative anaphylaxis in France: Adults and children – Professor Paul Michel Mertes Can we reduce the risk of perioperative anaphylaxis - Dr Paul Sadleir	9-9.05am	Welcome from the convenors
Thoughts from Down Under – Dr Peter Platt Q&A/panel discussion  10.30-11am Morning tea  11am-12.30pm Session 2: What's new in the management of perioperative anaphylaxis? Chair: 2022 ANZAAG/ANZCA perioperative anaphylaxis management guidelines – Dr Robyn Tran Crisis management: We're all in this together – Dr Helen Kolawole Dealing with allergic uncertainty Q&A/panel discussion  12.30-1.30pm Lunch  1.30-3pm Session 3: Everyday dilemmas Chair: Which antibiotic should I give? – Dr Maia Brewerton The role of pholocodine – Professor Paul Michel Mertes Sugammadex allergy – Dr Sarah Green Q&A/panel discussion  3-3.30pm Afternoon tea  3.30-5pm Session 4: Epidemiology, prevention and outcome Chair: Epidemiology of perioperative anaphylaxis in France: Adults and children – Professor Paul Michel Mertes Can we reduce the risk of perioperative anaphylaxis? Cardiac arrest and outcomes in perioperative anaphylaxis – Dr Paul Sadleir	9.05-10.30am	
Q&A/panel discussion  10.30-11am Morning tea  11am-12.30pm Session 2: What's new in the management of perioperative anaphylaxis? Chair: 2022 ANZAAG/ANZCA perioperative anaphylaxis management guidelines - Dr Robyn Tran Crisis management: We're all in this together - Dr Helen Kolawole Dealing with allergic uncertainty Q&A/panel discussion  12.30-1.30pm Lunch  1.30-3pm Session 3: Everyday dilemmas Chair: Which antibiotic should I give? - Dr Maia Brewerton The role of pholocodine - Professor Paul Michel Mertes Sugammadex allergy - Dr Sarah Green Q&A/panel discussion  3-3.30pm Afternoon tea  3.30-5pm Session 4: Epidemiology, prevention and outcome Chair: Epidemiology of perioperative anaphylaxis in France: Adults and children - Professor Paul Michel Mertes Can we reduce the risk of perioperative anaphylaxis? Cardiac arrest and outcomes in perioperative anaphylaxis - Dr Paul Sadleir		The French perspective – Professor Paul Michel Mertes
10.30-11am Morning tea  11am-12.30pm Session 2: What's new in the management of perioperative anaphylaxis? Chair: 2022 ANZAAG/ANZCA perioperative anaphylaxis management guidelines - Dr Robyn Tran Crisis management: We're all in this together - Dr Helen Kolawole Dealing with allergic uncertainty Q&A/panel discussion  12.30-1.30pm Lunch  1.30-3pm Session 3: Everyday dilemmas Chair: Which antibiotic should I give? - Dr Maia Brewerton The role of pholocodine - Professor Paul Michel Mertes Sugammadex allergy - Dr Sarah Green Q&A/panel discussion  3-3.30pm Afternoon tea  3.30-5pm Session 4: Epidemiology, prevention and outcome Chair: Epidemiology of perioperative anaphylaxis in France: Adults and children - Professor Paul Michel Mertes Can we reduce the risk of perioperative anaphylaxis? Cardiac arrest and outcomes in perioperative anaphylaxis - Dr Paul Sadleir		Thoughts from Down Under – Dr Peter Platt
11am-12.30pm  Session 2: What's new in the management of perioperative anaphylaxis? Chair: 2022 ANZAAG/ANZCA perioperative anaphylaxis management guidelines - Dr Robyn Tran Crisis management: We're all in this together - Dr Helen Kolawole Dealing with allergic uncertainty Q&A/panel discussion  12.30-1.30pm  Lunch  1.30-3pm  Session 3: Everyday dilemmas Chair: Which antibiotic should I give? - Dr Maia Brewerton The role of pholoodine - Professor Paul Michel Mertes Sugammadex allergy - Dr Sarah Green Q&A/panel discussion  3-3.30pm  Afternoon tea  3.30-5pm  Session 4: Epidemiology, prevention and outcome Chair: Epidemiology of perioperative anaphylaxis in France: Adults and children - Professor Paul Michel Mertes Can we reduce the risk of perioperative anaphylaxis? Cardiac arrest and outcomes in perioperative anaphylaxis - Dr Paul Sadleir		Q&A/panel discussion
Chair:  2022 ANZAAG/ANZCA perioperative anaphylaxis management guidelines – Dr Robyn Tran Crisis management: We're all in this together – Dr Helen Kolawole Dealing with allergic uncertainty Q&A/panel discussion  12.30-1.30pm Lunch  1.30-3pm Session 3: Everyday dilemmas Chair: Which antibiotic should I give? – Dr Maia Brewerton The role of pholcodine – Professor Paul Michel Mertes Sugammadex allergy – Dr Sarah Green Q&A/panel discussion  3-3.30pm Afternoon tea  3.30-5pm Session 4: Epidemiology, prevention and outcome Chair: Epidemiology of perioperative anaphylaxis in France: Adults and children – Professor Paul Michel Mertes Can we reduce the risk of perioperative anaphylaxis? Cardiac arrest and outcomes in perioperative anaphylaxis – Dr Paul Sadleir	10.30-11am	Morning tea
- Dr Robyn Tran Crisis management: We're all in this together - Dr Helen Kolawole Dealing with allergic uncertainty Q&A/panel discussion  12.30-1.30pm Lunch  1.30-3pm Session 3: Everyday dilemmas Chair: Which antibiotic should I give? - Dr Maia Brewerton The role of pholocodine - Professor Paul Michel Mertes Sugammadex allergy - Dr Sarah Green Q&A/panel discussion  3-3.30pm Afternoon tea  3.30-5pm Session 4: Epidemiology, prevention and outcome Chair: Epidemiology of perioperative anaphylaxis in France: Adults and children - Professor Paul Michel Mertes Can we reduce the risk of perioperative anaphylaxis? Cardiac arrest and outcomes in perioperative anaphylaxis - Dr Paul Sadleir	11am-12.30pm	
Dealing with allergic uncertainty Q&A/panel discussion  12.30-1.30pm Lunch  1.30-3pm Session 3: Everyday dilemmas Chair: Which antibiotic should I give? – Dr Maia Brewerton The role of pholcodine – Professor Paul Michel Mertes Sugammadex allergy – Dr Sarah Green Q&A/panel discussion  3-3.30pm Afternoon tea  3.30-5pm Session 4: Epidemiology, prevention and outcome Chair: Epidemiology of perioperative anaphylaxis in France: Adults and children – Professor Paul Michel Mertes Can we reduce the risk of perioperative anaphylaxis? Cardiac arrest and outcomes in perioperative anaphylaxis – Dr Paul Sadleir		
Q&A/panel discussion  12.30-1.30pm		Crisis management: We're all in this together – Dr Helen Kolawole
1.30-1.30pm  Lunch  Session 3: Everyday dilemmas Chair: Which antibiotic should I give? – Dr Maia Brewerton The role of pholoodine – Professor Paul Michel Mertes Sugammadex allergy – Dr Sarah Green Q&A/panel discussion  3-3.30pm  Afternoon tea  Session 4: Epidemiology, prevention and outcome Chair: Epidemiology of perioperative anaphylaxis in France: Adults and children – Professor Paul Michel Mertes Can we reduce the risk of perioperative anaphylaxis? Cardiac arrest and outcomes in perioperative anaphylaxis – Dr Paul Sadleir		Dealing with allergic uncertainty
1.30-3pm  Session 3: Everyday dilemmas Chair:  Which antibiotic should I give? – Dr Maia Brewerton The role of pholcodine – Professor Paul Michel Mertes Sugammadex allergy – Dr Sarah Green Q&A/panel discussion  3-3.30pm  Afternoon tea  Session 4: Epidemiology, prevention and outcome Chair:  Epidemiology of perioperative anaphylaxis in France: Adults and children – Professor Paul Michel Mertes Can we reduce the risk of perioperative anaphylaxis? Cardiac arrest and outcomes in perioperative anaphylaxis – Dr Paul Sadleir		Q&A/panel discussion
Chair:  Which antibiotic should I give? – Dr Maia Brewerton The role of pholcodine – Professor Paul Michel Mertes Sugammadex allergy – Dr Sarah Green Q&A/panel discussion  3-3.30pm Afternoon tea  Session 4: Epidemiology, prevention and outcome Chair:  Epidemiology of perioperative anaphylaxis in France: Adults and children – Professor Paul Michel Mertes Can we reduce the risk of perioperative anaphylaxis? Cardiac arrest and outcomes in perioperative anaphylaxis – Dr Paul Sadleir	12.30-1.30pm	Lunch
The role of pholcodine – Professor Paul Michel Mertes Sugammadex allergy – Dr Sarah Green Q&A/panel discussion  3-3.30pm Afternoon tea  3.30-5pm Session 4: Epidemiology, prevention and outcome Chair: Epidemiology of perioperative anaphylaxis in France: Adults and children – Professor Paul Michel Mertes Can we reduce the risk of perioperative anaphylaxis? Cardiac arrest and outcomes in perioperative anaphylaxis – Dr Paul Sadleir	1.30-3pm	
Sugammadex allergy – Dr Sarah Green Q&A/panel discussion  3-3.30pm Afternoon tea  3.30–5pm Session 4: Epidemiology, prevention and outcome Chair:  Epidemiology of perioperative anaphylaxis in France: Adults and children – Professor Paul Michel Mertes Can we reduce the risk of perioperative anaphylaxis? Cardiac arrest and outcomes in perioperative anaphylaxis – Dr Paul Sadleir		Which antibiotic should I give? – Dr Maia Brewerton
Q&A/panel discussion  3-3.30pm Afternoon tea  3.30–5pm Session 4: Epidemiology, prevention and outcome Chair:  Epidemiology of perioperative anaphylaxis in France: Adults and children – Professor Paul Michel Mertes  Can we reduce the risk of perioperative anaphylaxis?  Cardiac arrest and outcomes in perioperative anaphylaxis – Dr Paul Sadleir		The role of pholcodine – Professor Paul Michel Mertes
3-3.30pm Afternoon tea  Session 4: Epidemiology, prevention and outcome Chair:  Epidemiology of perioperative anaphylaxis in France: Adults and children – Professor Paul Michel Mertes  Can we reduce the risk of perioperative anaphylaxis?  Cardiac arrest and outcomes in perioperative anaphylaxis – Dr Paul Sadleir		Sugammadex allergy – Dr Sarah Green
3.30–5pm  Session 4: Epidemiology, prevention and outcome Chair:  Epidemiology of perioperative anaphylaxis in France: Adults and children – Professor Paul Michel Mertes Can we reduce the risk of perioperative anaphylaxis?  Cardiac arrest and outcomes in perioperative anaphylaxis – Dr Paul Sadleir		Q&A/panel discussion
Chair:  Epidemiology of perioperative anaphylaxis in France: Adults and children – Professor Paul Michel Mertes  Can we reduce the risk of perioperative anaphylaxis?  Cardiac arrest and outcomes in perioperative anaphylaxis – Dr Paul Sadleir	3-3.30pm	Afternoon tea
<ul> <li>Professor Paul Michel Mertes</li> <li>Can we reduce the risk of perioperative anaphylaxis?</li> <li>Cardiac arrest and outcomes in perioperative anaphylaxis – Dr Paul Sadleir</li> </ul>	3.30-5pm	
Cardiac arrest and outcomes in perioperative anaphylaxis – Dr Paul Sadleir		
Q&A/panel discussion		Can we reduce the risk of perioperative anaphylaxis?
6.30-10.30pm Symposium dinner		Cardiac arrest and outcomes in perioperative anaphylaxis – Dr Paul Sadleir

### Sunday 26 March 2023

All delegates are invited to join us for breakfast and to present interesting cases for discussion in this informal allergy morbidity and mortality (M&M) session

8.30-10.30am	The big breakfast Open forum case discussions
10.30-11am	Morning tea
11am-12pm	ANZAAG business meeting
12pm	Meeting close and lunch
